

## A Good Hair-Food

Ayer's Hair Vigor, new improved formula, is a genuine hair-food. It feeds, nourishes, builds up, strengthens, invigorates. The hair grows more rapidly, keeps soft and smooth, and all dandruff disappears. Aid nature a little. Give your hair a good hair-food.

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

You need not hesitate about using this new Hair Vigor from any fear of its changing the color of your hair. The new Ayer's Hair Vigor prevents premature grayness, but does not change the color of the hair even to the slightest degree.

## Will Spend Their Vacation in Virginia.

Richmond, Va., June 3. Spencer Cooper, Hazel Green, Ky. Dear Mr. Cooper: Since writing you last we have come to Richmond and would like to have THE HERALD sent here.

We have been here one week and are enjoying it very much. Richmond is a grand old city. It is well named the "City of Spikes." There are many historical places of interest, among them are the battle fields of the civil war. We have a church here in the city where we hope to remain until September of this year, when we will return to Livingston, Tenn., where we worked last year.

We wish it were possible to drop in and enjoy an hour with you. Your services in the mountains have been invaluable. I know your labor has not been in vain. I hope you may have many more years in which to carry on your great work.

Mrs. Long sends regards to Mrs. Cooper.

Yours sincerely,

F. W. LONG.

## Stock Sale Day.

Yesterday was the regular stock sale day at Hazel Green, but recognizing the fact that farmers are behind with their work, THE HERALD did not urge attendance. Wednesday, July 13, will be our next sale day and there will be people in attendance from Letcher, Perry, Knott and Magoffin counties. It will be a gala day for stock dealers as stock of every kind will be on hand. If you want to see the biggest crowd that ever assembled in a mountain town, come to Hazel Green that day. Or maybe you had better come a day ahead to be sure of accommodation, or write and reserve a room at some hotel. There will be no circus on hand nor flying machine to see, but people will be here as flies around a molasses barrel.

Mrs. Sam Kash and her sisters, Misses Nancy and Sarah Sample, accompanied by a crowd from Campton, had an enjoyable outing at Natural Bridge Tuesday. Quite a crowd from Jackson, including the Presbyterian Sunday school, were there, as well as President Crossfield, of Transylvania University.

W. W. Taylor, Cynthia, and V. M. Smith, Cincinnati, representing the International Harvester Co., Chicago, were registered at the Hazel Green Hotel Tuesday, and the register also contained the names of R. H. Bryan, Winchester; A. H. Cundiff, Jackson; and Vernie C. Clark, Mt. Sterling.

## None on the Market.

Luther Murphy, of Mt. Sterling, was here yesterday trying to buy hogs, but the farmers generally were so busy that our monthly stock sale was not attended by but few. Next month we will have a big crowd and a lot of stock of all kinds. Wednesday before the third Monday is the day, and people from Magoffin, Perry and Letcher will be here to dicker in horse trades, and it will not surprise many people if Ross Oliver is on hand with a few horses. Don't forget day and date, as the circus bills read, and you will see lots of people and a heap of fun.

Miss Sadie Cartmell, of West Liberty, who was visiting her sister, Mrs. William Foreman, left Monday for her home, but while here she entrapped one or two of our gallant young men, and the result will be that once a week one young man, if not two, will visit West Liberty. Miss Sadie appears to be a very fascinating damsel and the young men mentioned think her an angel.

## KENTUCKY KERNELS

### Carefully Collated and Concisely Chronicled.

Hon. Swager Sherley, congressman from the Fifth district, has been nominated to succeed himself.

The first annual assembly of the Kentucky Conference Epworth League will be held in Mt. Sterling, June 23-26.

In the re-adjustment of salaries of postmasters throughout the country, the postmaster at Winchester now receives \$100 per year more.

Ten thousand dollars is the amount of the reward offered for the arrest and conviction of Joe Wendling, the accused murderer of Alma Kellner.

Rowdies broke into a tent show in Pike county one night recently and killed three men. The rowdies were followed and more trouble is feared.

Governor Willson last week issued a Fourth of July proclamation to the people of Kentucky and urges them to celebrate the "Glorious Fourth" in a sane and safe manner.

Out of sixty-two applicants for teachers' certificates in Greenup county, recently, there were only six failures. Twenty-one were first class, twenty-seven second class and five third class.

A three story warehouse belonging to H. F. Hillenmeyer & Son, the well known nurserymen of Fayette county, was destroyed by fire with a loss of about \$2500. Carelessness of an employe is said to have been the cause.

By the breaking of a large water main in Louisville the lives of ten men were imperiled and a property loss of \$10,000 sustained. The men were working in a nearby sewer and were pulled to safety by companions with lowered ropes.

Probably the highest price ever paid for an acre of land in Scott county, if not in the state, was given by Robert Alexander Witson when he purchased a portion of the farm owned by Otis Ashurst. The price paid was \$1,200 per acre.

Fire destroyed a large part of the town of Hyden, in Leslie county, last week. The office of the Thousandsticks, the postoffice, three stores and several residences were consumed. Part of the courthouse was badly damaged. The origin of the fire is thought to be incendiary.

A mob composed of citizens of South Louisville threatened to lynch Robert Anderson, a negro, who had made advances toward Joe Scherle, an 8-year-old white boy. The negro was caught by the police, who forced back the angry citizens, who clamored for the life of Anderson. The negro was lodged in jail.

Workmen were procuring rock from a cliff near Pompey, in Pike county, when in a small cave they came across the skeletons of a man and a woman. The clothing was well preserved, the man being dressed in a corkscrew suit. The woman wore a corset which had been pierced by bullets. There was also a woman's hat.

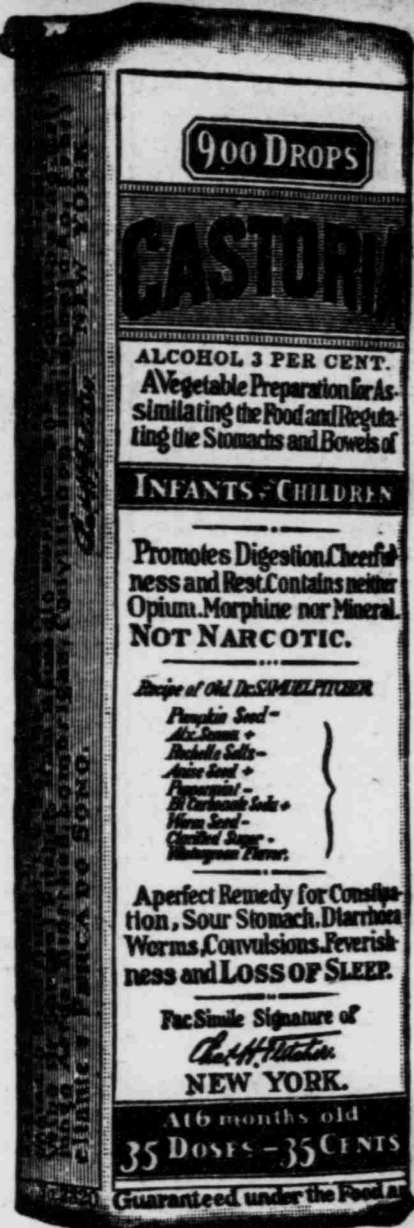

One of the most startling suicides that ever occurred in this section occurred last week at the home of Alfred McIntosh, at Athol, a station on the L. & E. railroad near Jackson, when Mrs. McIntosh procured her husband's shotgun and placing the muzzle under her chin, in a fit of jealousy, fired. The woman's face and the greater part of her head were blown away.

Wallace Sellars, a young man of Morganfield, started out on a regular "wild west" rampage the other night, and before he was landed behind the bars of the Union county bastille he had cut a swath that would have made a typical bad man from Arizona envious. In addition to cutting aforesaid swath he also cut the arm of the sheriff from the elbow to the wrist, inflicting a painful and dangerous wound.

"Boone Day" was appropriately observed in Frankfort on the 7th inst., by the Kentucky Historical society. As Governor Willson was unable to be present W. W. Longmoor, an officer of the society, presided at the meeting, held in the Historical Rooms at the new Capitol. Alex. Johnson read a paper on "Tall Tale Histories." John Wilson Townsend, of Lexington, and Mrs. Jennie C. Morton also read papers.

Obert Garner has a hen that made a nest one day last week in the shop. When she came off there were two soft-shelled eggs. Doubting her ability to lay two eggs a day, the hen convinced them the next day of her power by laying in the same nest two ordinary-sized eggs well developed except they had soft shells with a tube about two inches long and the size of a lead pencil completely fastening the eggs together, one on each end, so tight if you picked up one you got them both—Odessa cor.
